

Advanced Academic Programs (AAP)

Overview of Available Elementary Services

ELEMENTARY SCHOOL
Services Available for Grades K-6

Sessions Outcomes

- Understand Fairfax County Public Schools' philosophy on Advanced Academic Programs
- Understand how an elementary school student's needs for advanced learning are met through a variety of services in the continuum

Fairfax County Schools (FCPS) Beliefs

- All students deserve an excellent education.
- Students learn best when educators, parents, and students work together.
- High expectations lead to high performance.
- All students need opportunities to use strengths and pursue interests.

Virginia Department of Education ‘Gifted’ Definition

“Gifted students means those students...
who demonstrate high levels of accomplishment or
who show the potential for higher levels of accomplishment
when compared to others of the same age, experience, or
environment.”

Virginia Department of Education

Gifted Regulation

All Virginia school divisions must:

- identify gifted students, and
- provide instructional services to meet their needs.

FCPS VA Local Plan for the Gifted

Information related to FCPS Advanced Academic Services

FCPS Local Plan for the Gifted 2016-2021

Each school division in Virginia develops a comprehensive plan for the education of the gifted. The FCPS Local Plan for the Gifted provides specific explanations of FCPS' implementation of Regulations Governing Educational Services for Gifted Students in Virginia.

Two **Goals** of the Advanced Academic Programs

FCPS AAP strives to develop the talents of all students and provide challenge through:

- **Talent development**
- **Differentiation** to meet the needs of **advanced learners**.

Talent Development

What does Talent Development look like in Fairfax County Public Schools?

- Instructional opportunities to use AAP curriculum and strategies.
- Working with students to identify and explore areas of interest.
- Attention to underrepresented groups through the Young Scholars Model.

Differentiation to Meet the Needs of Advanced Learners

What does Differentiating for Advanced Learners mean in Fairfax County Public Schools?

- Meeting students' needs to go beyond grade level standards by name and need.
- Ensuring access to differentiated curriculum and environment including different pacing, increased depth and complexity, and removing scaffolds.
- Ensuring time to work with similar academic peer group to ensure peer-to-peer feedback to promote growth.
- Academic advising and complementary supports for success through implementation of the Young Scholars model.

AAP Continuum of Services

AAP offers a continuum of services to challenge and engage all students K-12. Our goals are:

- Provide deeper learning and talent development opportunities to all students
- Identify and build upon student strengths and abilities
- Provide multiple entry points to meet diverse student needs through the continuum of services

We believe talent can be nurtured and developed in all students. AAP services for a student may change over time.

Young Scholars Model

The FCPS **Young Scholars Model** seeks to identify and affirm, from an early age, students with high academic potential from groups historically underrepresented in advanced academic programming.

The goal of the model is to eliminate barriers for Young Scholars' access to and success in advanced academic opportunities in elementary, middle, and high school.

Grades K-6

AAP Subject Specific Advanced Differentiation: Level II

Some students are strong in **one or more specific subject areas**. Classroom teachers may adjust instruction for students in these areas by:

- Providing different assignments and resources in those subjects
- Grouping students by their strengths, interests, and readiness

ELEMENTARY

Grades K-6

AAP Subject Specific Advanced Differentiation: Level II

Parents, guardians, and teachers may refer a child for Subject Specific Advanced Differentiation (Level II) AAP services.

- Submit a referral form to the AART.
- Parents/Guardians will be notified after 30 business days regarding eligibility for subject specific AAP services.
- In May, all students are also considered for school based services for the following school year.

Subject-specific AAP Services are re-evaluated each year at the local school.

AAP Full-Time Services:

Level IV

Some advanced learners need a full-time advanced academic program, including differentiated instruction in all 4 content areas and access to a peer group with similar academic needs.

Students eligible for full-time AAP services receive:

- Advanced Language Arts, mathematics, science, and social studies curriculum, and
- Curriculum that is differentiated through acceleration, depth, and complexity of content.

ELEMENTARY

Grades 3-6

AAP Full-Time Services: Level IV

Parents, guardians, and teachers may refer a child to be screened for AAP full-time services.

- **Spring Screening** - referral and optional materials are due by **December 15**.
- Parents/Guardians will be notified according to the published **Testing and Identification Timeline**.

AAP full-time services continue through Grade 8. Students do not need to be evaluated each year.

Grades K-6

Universal Ability Testing

What part does ability testing play in the screening process?

- Best practices in matching students to AAP services includes looking at the whole student.
- Ability testing is one of several data points considered in student portfolios.
- Ability testing is not weighted more than other items in student portfolios.

Universal testing means that all students take an ability test. Universal screening test is just one part of a holistic approach to matching students to available AAP services in FCPS.

ELEMENTARY

Grades K-6

Ability Testing

FCPS offers two ability tests to all students
(universal screener):

- Naglieri Nonverbal Ability Test (NNAT) in Grade 1
- Cognitive Abilities Test (CogAT) in Grade 2

One-time Retest Option

- Parents/Guardians may request the one-time retest of either the NNAT or CogAT by contacting the school testing coordinator.
 - CogAT Retest Deadline: September 15
 - NNAT Retest Deadline: October 15

QUESTION

What are Full-Time AAP services?

Some advanced learners need a full-time advanced academic program, including differentiated instruction in all 4 content areas and a different placement in order to have a peer group with similar academic needs.

Students eligible for full-time AAP services receive:

- Advanced Language Arts, mathematics, science, and social studies curriculum, and
- A high degree of frequency and intensity of differentiation through acceleration, depth, and complexity of content and skills.

How can a student be considered for full-time AAP placement?

QUESTION

How can my child be screened for Full-Time AAP services?

There are three pathways to screening:

1. Family Referral
2. Staff Referral
3. Universal Screener Referral

All referrals result in the student being considered for Full-Time services.

There is no advantage based upon the type of referral source.

QUESTION

How do I submit a referral for Full-Time services?

Families or teachers may submit the **Full-Time AAP Referral Form**

Go to www.fcps.edu and search “AAP forms”

Submit the referral form **to the school** by the deadline on the AAP website.

Referral forms and optional materials are due by **December 15**.

QUESTION

What is the Grade 2 Universal Screener Referral?

Some students will automatically be screened for Full-Time services based on ability test information. This is called the **Grade 2 Universal Screener Referral**.

There is no advantage in being referred through the Grade 2 Universal Screener Referral pathway.

What does the school do to prepare a screening file for a student who is referred?

QUESTION

What will the school do to support the screening process for full-time AAP?

The **local school committee**, creates the screening file.

The school does not screen the file and make eligibility decisions. All files are screened by a central screening committee.

QUESTION

What will the school do to support the screening process?

The **local school committee** will provide these required items:

- Screening Summary Sheet
- School Committee Gifted Rating Scale (HOPE)
- Progress Reports (1 ¼ years)
- Test Data Sheet (FCPS test scores)
- Work Samples (4 minimum, up to 6)

QUESTION

What will the school do to support the screening process?

Gifted Rating Scale (HOPE)

The school-based committee will complete the gifted rating scale (HOPE).

Students are rated in social and academic areas compared to students of similar age/background/experience.

Can I contribute information if my student is referred for full-time AAP?

QUESTION

What is the family's role in the screening process?

Input from the family provides information that schools may not have.

There are several ways families can support the screening process.

QUESTION

What is the family's role in the screening process?

Referral Form

Submit the **Full-Time Referral Form** by the deadline on the AAP website

This form is **required** unless the student has a Grade 2 Universal Screener Referral.

It is **helpful** to submit the form if your child has a Grade 2 Universal Screener Referral.

Schools will create the screening file and families may add materials to the file.

QUESTION

What is the family's role in the screening process?

Work Samples from families are optional. The school will submit 4 work samples.

Families may submit **2 pages** of student work samples.

QUESTION

What is the family's role in the screening process?

Work Samples from families are optional. The school will submit 4 work samples.

Work Samples Guidelines:

- 2 pages maximum
- Single-sided, 8 ½ x 11 pages
- No 3-D, video, or audio samples
- To ensure readability by committee members, it is not advisable to put copy more than one page of work on a single work sample page
- Copies or originals are accepted, but please note they will not be returned

AARTs will accept electronic work samples in the following formats: PDF and image files (e.g. jpg)

QUESTION

What is the family's role in the screening process?

Work Samples

Keep in mind this is an academic program. Art samples are accepted, however, **samples from multiple content areas** are most helpful for the screening committee.

The committee looks for **exceptional critical and creative thinking, reasoning, and problem solving** showcased in the student work.

QUESTION

What is the family's role in the screening process?

Parent/Guardian Questionnaire

Advanced Academic Programs Parent/Guardian Questionnaire Optional for Advanced Academic Programs Referral

Student Full Name _____ Student ID _____

Current School _____ Grade _____

Please circle or highlight how often you notice the following in your child and give an example. Please print clearly or type. Responses must fit on this form.

1. My child surprises me with their knowledge. Occasionally Frequently Consistently

2. My child comes up with imaginative and/or unusual ways of doing things. Occasionally Frequently Consistently

3. My child is intellectually curious and asks thoughtful questions. Occasionally Frequently Consistently

4. My child finds humor in situations or events unusual for their age. Occasionally Frequently Consistently

5. My child can focus on a particular topic for an unusually long period of time. Occasionally Frequently Consistently

Does your child have a special learning need that you want to communicate to the committee? _____

If YES, please explain (such as a learning disability, IEP, or 504 Plan). Parents/guardians may submit additional information regarding special learning needs to the school to be included in the screening file.

Parent/Guardian Signature _____ Date _____

QUESTION

What is the family's role in the screening process?

Parent/Guardian Questionnaire

Does your child have a special learning need you want the committee to know about?

Families may submit a page of additional information about a student's 2e needs.

4. My child finds humor in situations or events unusual for their age. Occasionally Frequently Consistently

5. My child can focus on a particular topic for an unusually long period of time. Occasionally Frequently Consistently

Does your child have a special learning need that you want to communicate to the committee?

additional information regarding special learning needs to the school to be included in the screening file.

Parent/Guardian Signature _____ Date _____

What role does ability testing play in the holistic screening process?

QUESTION

What does holistic screening mean?

Best practices in advanced academic identification include:

- universal screening
- holistic review of multiple data points, and
- use of tools that are inclusive of diverse cultures

Holistic means all of the parts of a file are considered together and none are weighted in decision making.

QUESTION

What part does ability testing play in the screening process?

Ability testing is one of several data points considered in student portfolios.

Ability testing is not weighted more than other items in student portfolios.

Researchers in advanced academics note that relying on quantitative data (test scores) alone for identification is not shown to be valid. (Borland, 2012; Ho, 2018; Moon, 2017; Peters, 2022)

QUESTION

How do students get ability test scores?

Ability tests:

- Grade 1: Naglieri Nonverbal Abilities Test (NNAT)
- Grade 2: Cognitive Abilities Test (CogAT)

Students may be referred through the [Grade 2 Universal Screener Referral](#) based in part on their scores on the Grade 1 NNAT and/or Grade 2 CogAT. These students will be automatically screened.

QUESTION

Should I get additional testing for my student?

Ability or Achievement Test Reports

A parent/guardian may seek private testing through a **state-licensed** clinical psychologist or through **George Mason University (GMU)**.

If testing was not done at GMU, the clinical psychologist's **license number** must be included with the full report.

What happens to the screening portfolio once it goes to the central committee?

QUESTION

Can I see what was submitted to the central committee for my student?

We are happy to provide families a copy of the screening portfolio upon request after the files have been submitted for central selection review.

It is often helpful to see the information that was sent for central committee consideration and see the strengths-based notes and work samples in your student's file.

If you would like a copy, email the AART at your local school to let them know you would like a copy when it is ready.

QUESTION

Who decides if the student is eligible for Full-Time services?

Each student file is read by many people who carefully consider whether they see evidence that a different placement is necessary to meet a student's needs for advanced differentiation.

A central screening committee reviews all screening files. Central committee members attend training about how to view files holistically and fairly.

No one person makes an eligibility decision. Each file is read independently by at least 6 committee members.

QUESTION

What is the most important document in the screening file?

All materials are considered by the central selection screening committee

The file is looked at **holistically**. The committee members do not assign more **weight** or **value** to one document over another.

QUESTION

How will I know if my student is eligible for a full-time placement?

An email about the eligibility decision for full-time services will be sent to the email address of the enrolling parent.

The notification will include directions for how to accept placement or defer services.

The school(s) will provide information about orientation dates and times to help parents make decisions.

QUESTION

When do eligible students begin full-time AAP services?

Spring Screening: Begin full-time AAP services beginning the next school year.

Fall Screening (only available to students who are newly enrolled in FCPS): Begin full-time AAP services second semester

QUESTION

Will I get a report if my student is ineligible?

Parents are notified if their student is ineligible.

The notification includes information about the appeal process if a parent would like to submit additional information for consideration.

Due to the volume of files and the holistic nature of the screening process, there are not individual reports about why a student is ineligible.

QUESTION

What does an ineligible decision mean?

In general, an ineligible decision means the committee felt the student had:

- a broad academic peer group and
- a match to AAP curriculum access in school-based opportunities.

It does not mean that a student isn't capable of advanced coursework.

FCPS does believe and expect that all students will engage in a variety of pathways to meet their advanced learning needs.

QUESTION

Are ineligibility decisions final?

Parents/Guardians may appeal the decision.

Information on the appeals process is in the ineligible decision letter.

Students in grades 2-7 may be screened for full-time AAP each school year if a parent would like them to be reconsidered.

Students can also be screened for school-based (subject specific and part-time AAP) services

QUESTION
